GREEN SCIENCES FOR SUSTAINABLE DEVELOPMENT FOUNDATION

REGISTRATIONS FOR POSTGRADUATE STUDENTS ARE NOW OPEN!

We are opening the applications for all the young scientists who would like to participate in the Green Chemistry Postgraduate Summer School 2023, Venice.

- Call for Applications for **paying students**, who will apply for participation in presence in Venice or online.
- Call for Applications for the **students coming from Developing Countries,** who will apply to Scholarships grants in presence in Venice or online.

The 15° Edition of the Green Chemistry Postgraduate Summer School 2023 will be organized in Venice from 2nd to 7th of July 2023 by the Green Sciences for Sustainable Development Foundation and will follow the steps of the past editions with renewed strength. The aim of the Summer School is to give updates regarding the advances in Chemistry research and sustainable processes year by year presented by well-recognized scientists.

The School also embraces the principles of equality and inclusivity, by giving to the students the opportunity to grow professionally and create international connections.
Many students from the previous edition had brilliant institutional careers in Offices and Universities all over the world, and some of them returned to Venice as Teachers in the School to offer their scientific contributions.

Almost all Teachers already confirmed their presence and the Official Program will follow the structure of the 14th Edition 2022 https://www.greenchemistry.school/programme/

The themes of the Summer School 2023:	
1.Exploitation of renewable resources	5. Climate Change
2.New reaction pathways	6. Education
3.Energy saving	7. Health
4.Food Safety	

Please find in attachment the Poster of the Green Chemistry Postgraduate Summer School 2023.

GREEN SCIENCES FOR SUSTAINABLE DEVELOPMENT FOUNDATION

How to Apply

All applications will be examined by the Scientific Committee and students who have been accepted will be informed via e-mail from greenchemistrysummerschool2023@gmail.com or secretariat@gssd-foundation.org

Selection Criteria:

- Be fluent in **English**
- Age limit for attendees is **35 years.** (A few exceptions to the age limit may be considered if well-documented).
- Deliver a comprehensive **CV** together with the **application form.**
- Submit a letter of recommendation written by an academic advisor and/or by an internationally renowned scientist, who knows the applicant well.
- Not holding already, a permanent position. For this reason, the **professional/employment status** must be clearly indicated. (Some motivated exceptions will be considered for people coming from less advantaged Countries)
- Not have participated in previous Editions of The Green Chemistry Postgraduate Summer School

Deadlines for Applications.

- **Deadline for scholarship** applications of students from developing countries is **February 28th, 2023**. Applicants admitted to the grant will be informed via e-mail by the **18th of March 2023**. N. of scholarships available for participation in presence: **about 30.**
